Big Four Council Makes Progress In Peace Parley

Two Major Developments
Lead Conference Into
Calmer Waters Today

FRANCE MODIFIES
REPARATIONS PLAN
By KINGSBURY SMITH

MOSCOW, Mar. 20.—The Big Four council of foreign ministers swept through a maze of difficulties on the broad general phases of a German peace treaty today, sailing into calm waters under the flag of two major developments.

There still was general conviction that treaties for Germany and Austria could not be drafted line for line at the present session.

And French Foreign Minister Georges Bidault, opposing current Soviet demands for an increase in German steel production, deftly produced a copy of a Russian field marshal's warning voiced in 1945 that this could in itself be the time for another war. Bidault asked bluntly what Europe could expect if German production is boosted to the extent that Russia now is asking.

But the conference made substantial progress in these respects:

1—Deputies appointed to draft a peace treaty for Germany agreed to hear former enemies of the allies which later turned against the Hitler Reich.

2—France modified her position regarding reparations, agreeing that these may be paid out of current German production "with certain assurances."

Foreign Minister Georges Bidault presented the economic case for France.

He referred at the beginning to the remark made by Soviet Foreign Minister V. M. Molotov yesterday that various four-power attitudes may well be reconciled. Bidault said:

"If, as Mr. Molotov believes, it is possible at the same time to maintain German coal exports at a desirable level, limit the increase of industrial production to peaceful activities alone and set afoot a program of reparations based upon current production, the French delegation is favorable."

Bidault was firm, however, in (Continued on Page Twenty-seven)

Forecasts of the weatherman seem to indicate that spring will come in early tomorrow morning in appropriate settings. Real spring-like weather is predicted for the event.

McVeytown is going to get a nice new shiny red fire engine. The machine was parked here overnight en route to the town that will be its permanent home. It is presumed that McVeytown is in Pennsylvania, as the truck was journeying east.

While feeding her chickens on Wednesday a woman from the Waldo district noticed in the yard a peculiar looking creature which happened to be a skunk with its head in a bottle. The animal, which could not see where it was going, finally disappeared into a nearby field after wandering around the yard for about two hours.

An intricate moving job this morning attracted many downtowners on the Public Square. Four old time safes were being moved by a large crane from the former second floor offices of the late Attorney Dana, adjacent to the Central Presbyterian church. The skill and adeptness of the crane men was very noticeable as the cumbersome safes were slowly lowered to a large waiting truck.

Britains Flood Chaos Becomes More Serious

LONDON, Mar. 20. — (INS) — Scores of rain-swollen rivers in England burst their banks today and marooned additional thousands of families.

The flood chaos became more widespread in both the north and south as a result of heavy new rains during the night.

A number of major towns, including Nottingham, were completely cut off by the surging waters inundating homes and farmlands.

Army and police officials, fearing a worse flooding of the Thames valley in the next 48 hours, drew

up plans to evacuate another 10 thousand persons marooned in homes. The flood victims will be taken to temporary billets.

Special aid squads were dispatched following an appeal by Evelyn Walkden, laborite member of parliament from Doncaster, to cabinet members during a night session of the House of Commons. (Continued on Page Two)

Hammill, county agent of Blair county, who served on the United Nations Food commission during the war, with the rank of major, whose subject, "This is your America," was designed to impress his hearers with the fact that the United States today is the greatest nation on the face of the earth, and that there is danger of it slipping into decline due to a lack of national unity.

Mother Asks Army Probe Into Death Of Son In Japan

Parents Of Lieut. Robert Wilson,
Found Dead In Arms Of
Jap Girl, Grieve

PLYMOUTH, Mass., Mar. 20.—(INS)—A grief-stricken Plymouth mother called upon the War department today for a complete investigation of the death of her son, a young AAF lieutenant, in Japan.

Mrs. George Wilson insisted her son, Lt. Robert L. Wilson, 23, would not have taken his own life. He was found by Army authorities in Japan dead in a hotel room, clasped in the arms of a pretty Japanese girl, in an apparent suicide pact.

Was Ready To Sail

Lieutenant Wilson's death occurred on the eve of his departure for home. The War department in its telegram to his mother gave none of the details of the death of the young lieutenant. It stated only that he had died on Honshu island and his body was being sent home.

Mrs. Wilson said: "I never can believe my son took his life and neither can I believe he had any affair with a Jap girl. I have written for a full investigation and explanation to clear my son's name. I want his body to come back to the United States and so does his fiancée, the only girl he ever cared for. I am confident the stories they are telling could not be true."

Wilson was engaged to Miss Theresa Klassen, 22, Ionia, Iowa, a cadet nurse. They were to have been married when he returned home.

Members of the highway department are engaged in spring activity, getting the roads ready for the anticipated heavy summer travel.

Contract Is Let For Basement Of New City Hall

"When city council met Thursday in city hall a contract was let to the Montgomery Construction company of Grove City for the construction of the boiler room and basement of the proposed new city building at their low bid of \$37,500."

Mayor John P. Haven instructed that the bids, presented last Monday, be withdrawn from committee. After this was done Property Director Joseph D. Alexander offered a motion that the bid of the Montgomery Construction company be accepted.

Finance Director Albert Hoyland presented a second and on the roll call the vote was unanimous. The next low bid was presented by Heller-Murray company, Youngstown, \$42,127, and the second low bid was submitted by Matthew Leivo Sons company, \$42,890.

Time Grows Short To Avert Strike In Rubber Plants

AKRON, O., Mar. 20.—(INS)—Time grew shorter today for the nation's "big four" rubber companies and the CIO-United Rubber Workers of America to reach a settlement averting a shutdown of the industry at midnight Sunday.

Paul W. Fuller, federal labor conciliator especially assigned to the industry, still was trying to arrange a meeting between union and management representatives.

However, the situation apparently had hit a stalemate. The government representative said he "was not free to talk about it at this time," and added that he would have no comment to make before the Sunday deadline.

If the union carries out its strike threat, more than 100,000 workers in 42 U. S. Rubber, B. F. Goodrich, Goodyear and Firestone plants scattered over 20 states would be idled.

Lewis And Miners Await Move For Contract Parley

Way Is Cleared For Miners-
Operators Negotiations
U. S. Leaders Agree

FEDERAL MOVE
EXPECTED SOON
By PHILLIPS J. PECK
(U. S. Staff Correspondent)

WASHINGTON, Mar. 20.—John L. Lewis and the soft coal operators today awaited an invitation from the government to a negotiating conference on a new mine contract.

Federal coal mines administration officials agreed that this is the next step in the coal case, but said it may be a day or two before action is taken by Interior Secretary J. A. Krug.

The way was cleared for a negotiating session when Lewis withdrew his notice of last November terminating the UMW contract with the government.

Peace To June 30
Reinstatement of the Krug-Lewis agreement assures peace in the coal fields until June 30 when federal possession of the bituminous industry ends.

Both union and industry representatives said it is now up to Krug to call the parties into conference to work out an agreement to replace the government-UMW pact.

The operators have not yet agreed to the government-approved health and welfare fund for miners, financed by a five-cents-a-ton royalty on all coal mined.

Lewis now is seeking an increase in the royalty to ten cents a ton plus a shoring work week and a general wage increase.

Cancels March 31 threat
The UMW president withdrew the contract termination notice and cancelled a threatened March 31 coal walkout the day before a scheduled supreme court mandate directing such action.

The high tribunal ordered issuance today of its formal order requiring Lewis to withdraw the no-

By RAYMOND WILCOVE
(U. S. Staff Correspondent)

WASHINGTON, Mar. 20.—President Truman plunged anew into the Greek-Turkish crisis today as the house foreign affairs committee opened hearings on his request for 400 million dollars to combat the spread of communism in the two Mediterranean countries.

Mr. Truman, rested and tanned by a week's vacation in Florida, was expected to confer immediately with former OPA Administrator Paul Porter, who headed an economic mission to Greece, and with the ambassadors to Greece and Turkey who have been recalled for consultation.

(BULLETIN)

SANTA ANA, Cal., Mar. 20.—(INS)—A 17-year-old heiress-coed and her young fiancé insisted today they were innocent of a suspected bizarre murder plot in the violent deaths of the girl's parents in a yacht explosion.

Booked at the Santa Ana jail on suspicion of murder were Beulah Overell, mink-clad University of Southern California coed, and her strapping 220-pound sweetheart, George Gollum, 21, a Los Angeles City College pre-medical student.

Police investigated reports that the girl's parents, Walter E. and Mrs. Beulah Overell, of Flintridge, Cal., had opposed the couple's intended marriage.

The betrothed girl and young man refuted these reports, contending that the wealthy Mr. and Mrs. Overell actually approved the match.

The couple was arrested after 38 sticks of unexploded dynamite and an electric timing device were found in the wreckage of the Overells' 60-foot power cruiser, the "Mary E," which blew up at Newport Beach, Cal., last Saturday night.

The bodies of Overell, wealthy (Continued on Page Two)

Acheson Testifies On Need For Approval Of Greek Aid Plan

WASHINGTON, March 20.—(INS)—Acting Secretary of State Dean Acheson told congress today that unless President Truman's plan to aid Greece and Turkey is approved totalitarian regimes will control the middle east.

Acheson testified before the house foreign affairs committee in support of the administration's proposal for a 400 million dollar Greco-Turkish grant as a check to the aggressive spread of Communism. He said:

"It is not too much to say that the outcome in Greece and Turkey will be watched with deep concern throughout the vast area from the Dardanelles to the China Sea."

Hundreds of interested spectators jammed the old house caucus room as the hearings opened. Movie cameras clicked and klieg lights glared.

Furnish Facts
Rep. Eaton (R) N. J., foreign affairs committee chairman, declared it was the purpose of the hearings to furnish congress and the American people "all the pertinent facts".

He said this was necessary so that "a final and intelligent judgment can be reached upon a foreign policy which will affect for good or ill not only our own country but the entire world."

The acting secretary said that (Continued on Page Two)

Hold Driver After His Car Damages Five Other Autos

Thomas Tavolere, of 418 Cascade street, was held by city police today, pending a formal charge of driving a car while intoxicated which was reported to have struck five cars in Mill street, causing fire in two, about midnight last night.

The driver's car first struck a car at South Mill and Grove streets and struck the other four, north of North street in North Mill street, according to police reports.

He left his car, and was arrested some time later at Mercer and Washington streets by Policemen Boyle and Leone.

According to reports he was driving his brother's car.

Police received a report from Harry Buchowski, Volant, R. D. 3, he was turning south, from Grove street into South Mill street, when Tavolere's car, going north on South Mill street, pulled out from two cars which had stopped for the red light, and struck his car.

Cars Struck
Tavolere's car continued north, police reports say, and above North street, in North Mill street, struck and damaged motor vehicles owned by:

Meyer Wolfson, 16½ West Long avenue.
Joe Rick, 117 Leisure avenue.
Russell Phillips, 715 Harbor street.
J. E. Eckelberger, 1004 Rose avenue.

Buckowski's car and Phillips auto caught fire, necessitating work by the fire department. A fire plug was also broken.

A woman who saw the accident, telephoned police. Lieutenant Thomas Lynch with a squad of police went to the scene.

The Wolfson car was traveling south, when it was struck. The other vehicles were parked on the east side of North Mill street, when struck.

Coal Miners To Stay At Work

Will Go Along With Order
To Remain On Job After
March 31

PITTSBURGH, Mar. 20.—(INS)—The nation's bituminous coal miners today put their stamp of approval on John L. Lewis' stick to work order and said they were ready to stay on the job and continue digging coal after March 31.

The news of Lewis' cancelled strike threat spread over the soft coal patches as the miners began changing shifts. Generally they appeared to go along with the order until June 30.

Many even said they would attempt to prevent wildcat work stoppage on their traditional holiday—John Mitchell Day—April 1. John Mitchell Day was founded in honor of the fourth president of the United Mine Workers under whose 10-year tenure the union grew from 33,000 members to 300,000 by 1906—making it one of the strongest labor bodies in the nation.

The general feeling among the miners of the rich bituminous fields of western Pennsylvania and West Virginia was that they would not strike unless Lewis told them to.

Declares Aid Plan Will Not Bring U. S. War

WASHINGTON, Mar. 20.—(INS)—Acting Secretary of State Acheson told Congress today that President Truman's plan to check the spread of Communism by aiding Greece and Turkey would not bring war. Rep. Mansfield (D) Mont., asked Acheson at the House Foreign Affairs committee hearing on the Greco-Turkish aid proposal whether U. S. military and financial help to the two countries might not lead to war.

Acheson replied: "I was going to say there was no possibility of its leading to war. 'I don't see how it can lead to war.'"

"By strengthening the forces of democracy and freedom and their economic structure it will do a great deal to eliminate a situation which might produce friction among the great powers."

Alaska Airplane Crash Survivors Nearing Safety

Three Forced Down In Alaska Wilds
Making Way To Safety Over
Deep Snow

FAIRBANKS, Alaska, Mar. 20.—(INS)—Three survivors of an airplane mishap, struggling laboriously over soft snow, neared safety today after existing in the Alaskan wilds since Sunday.

Their plane, piloted by Edward Steger, was forced down by stormy weather 30 miles south of McGrath. Nobody was hurt. Steger's passenger, a man identified as Hal Sherman, a student at the University of Alaska, and Gordon Mitchell, an airplane mechanic.

The plane's wireless still worked after the crash, and Steger told searchers to look for them near "a mountain with two bare spots." He did not know his position.

Hiking Difficult
Search planes combed the area in vain Monday. But before dawn Tuesday an Army pilot saw the men's camp fire.

The rescue plane could not land because the snow was too soft. But it dropped snowshoes and hiking directions and told the survivors to plod to the Takotna river, 10 miles away. A plane would pick them up there.

Even then trouble dogged the little band. The snow, 10 feet deep, was too soft for travel. At last the night chill made it hard again, and the survivors began their weary trek to the stream.

The sandwich season will soon be here, the season of salads and pies, the season when folks ask you out for a snack and then spring a lunch-supper surprise. The salad they made is all mixed with the cake, and the beans all have ants in their pants, and the meat loaf is soaked with the fresh lemonade, the rolls may be dry, by a chance. The deviled eggs stick to the well scalloped spuds, and the lunch seems to be in a fix, but you eat and you laugh, for it's all in the fun—the weather is bright, forty-six.

Reveal 2,306 In County Received Aid During 1946

Figure Is 2.4 Per Cent Of Population; Expenditures Total \$734,151

Public Assistance review for 1946 reveals that a total of 2,306 persons in Lawrence county received aid during the 12-month span at a total cost of \$734,151. This figure represents 2.4 per cent of the county's population.

Broken down into types of aid rendered the following figures are reached: general assistance, 367 persons, \$87,856; aid to dependent children, 917, \$192,292; old-age assistance, 883 persons, \$319,107; pensions to the blind, 139 persons, \$68,479. At the close of 1946, approximately 285,000 persons were dependent on public assistance in Pennsylvania. This represents an increase of 83,000 over the all-time low in public dependency recorded in July, 1945, just prior to the end of the war. Compared with pre-war levels, however, the current volume of dependency is still low, being less than one half the December 1941 total and less than one sixth that registered in February 1939.

BIZARRE MURDER PLOT IS SUSPECTED IN YACHT BLAST

head of the Washington Finance Co., and one-time owner of the Overell Furniture Co., of Los Angeles, and his wife were found in the cruiser's galley.

Overell's body had been impaled on a section of plank and nearly all his clothing had been ripped off by the blast. Mrs. Overell died of multiple skull fractures.

When confronted with the suspicion of murder citation, chestnut haired, blue-eyed Beulah burst into tears, sobbing:

Know Nothing About It

"My own father and mother! How could we do such a thing?"

She asserted that "I have no idea what happened. The police told me the explosion was 'not quite natural,' but I know nothing about it."

Miss Overell said she and "Bud" (Gollum) had set April 30—her 18th birthday—as their wedding day.

Although Newport police chief R. R. Hodgkinson said he had information her parents opposed her marriage to Gollum, the daughter insisted that "of course, Dad and Mother approved of Bud. I had known him all my life." She continued:

"My parents wanted us to wait, but since we didn't want to, it was all right with them. They just didn't want to let me go."

Miss Overell told Hodgkinson and Orange County Sheriff Jim Musick that she and Gollum had planned to "live in a trailer and be independent of our families."

chorus presented a group of choral numbers, singing several famous German choruses.

Mr. Hannon told of conditions in England, France, Germany, and Russia, gained during his visits to these countries and his association with the Russian army in studying conditions under the United Nations Food commission.

In spite of the tremendous coordination which was manifested during the war, Mr. Hannon was concerned on his return from abroad to find things in a great state of confusion at home here, and production tied up because of strikes.

He paid tribute to those who had done such a grand job on the home front, but stated that we must be eternally on the alert to see that Communism or some other "ism" does not infiltrate into our national affairs and way of living, causing internal dissension and disintegration of our greatness.

America Aided Many

Many people throughout Europe, he stated, were being aided by the resources of the United States, this country contributing approximately 72 per cent of the commodities administered by the UNRRA, yet the recipients were entirely unaware of where this stuff came from and particularly the part the United States had taken in helping them.

He stated that Russia claimed that it had been too hard hit by the war, and was faced with the task of providing for her own 180,000,000 people, and thus could contribute little to the UNRRA, yet last year, was able to give France five hundred millions of bushels of wheat to swing France to the Russian orbit.

Last year, the appeal was made to this country to save some five hundred millions of people from starvation, yet he stated even in normal times, there are always people throughout the world who are starving.

The evening proved a most enjoyable one for all who attended, and the committee, Joseph I. Welsch, Joseph W. Howard Humphrey, and William C. Williams, were commended for the fine program arranged by them.

We wish to thank all those who extended us their sympathy and kindness in our bereavement.

BRITAIN'S FLOOD CHAOS BECOMES MORE SERIOUS

(Continued from Page One)

Water in Bentley was three feet deep when the appeal was made and continued to rise. Small boats could not be used to carry in supplies because of the powerful current of the flood waters and power-driven craft had to be employed.

Civilians, including women, joined troops in working through the night in a desperate fight against the rising great Ouse river. The water became a raging torrent and sent floodwaters streaming through two widening gaps in the Fen district.

Engineers declared it would be impossible to stem the millions of gallons of water swirling through the breaches by makeshift methods. They said a major engineering feat was necessary.

It was estimated that more than 100 square miles of land in Cambridgeshire and in the Fen district were inundated.

LADIES OF KIWANIS LUNCHEON PROGRAM

March luncheon meeting of Ladies of Kiwanis took place Wednesday afternoon at 1:15 in the coral room of The Castleton when the club heard as speaker Miss Grace McCabe, teacher of the Orthogenic Backward class at Lincoln-Garfield school.

Miss McCabe's discussion of the work done in the class in handicraft, reading, spelling, arithmetic, and character teaching was highlighted by figures on the proportionate amount spent by the public on the care of criminals as contrasted with the amount spent on education. Juvenile delinquency is on the increase and a special type of education is one possible method of combating influences toward delinquency among underprivileged children, she pointed out.

She held the audience's close attention as she told of how children who need special training respond to it and may become useful contributing members of society.

In our schools "we do not only do not do enough for our backward children but not enough for the especially brilliant child in school," she said in conclusion.

Miss McCabe was introduced by Mrs. Jesse N. Kerr, program chairman.

Earlier, during luncheon, members heard a brief talk by Miss Fern Casford, who outlined a series of entertainments to be sponsored here during the coming season by the Kiwanis. During business, Mrs. Joseph A. Hartman, who presided, related items of interest to the membership.

Hostess committee for the day was Mrs. Dale Andrews, Mrs. Lewis Berkheimer, Mrs. Lucien Black, Mrs. Russell Forney and Mrs. E. D. Branstetter.

It was decided that the club will make its May 21 meeting a joint evening dinner meeting with Kiwanis, the ladies to be in charge of the program.

On April 16 the club will meet in the lobby of The Castleton at 12:40 and with the Kiwanis club will hear an address by Rev. Lillburn McJuley, of Pittsburgh. Luncheon will be served at 1:30 in the coral room.

JEWS COUNCIL HEARS BOOK REVIEW

The biography of Carrie Chapman Catt, by Mary Gray Peck, was the book reviewed in a most thorough and charming manner by Mrs. Alec Samuels, at the meeting of the National Council of Jewish Women, Tuesday evening at Tifereth, Israel synagogue.

Not only is the book an interesting biography, but also complete resume of the history of the United States and the foreign policy during the woman suffrage period. Mrs. Samuels brought out the fact, emphasized in the book, that any one wanting peace badly enough, will surely get it, if they work hard. This security of peace and cooperation, which was entirely missed after the first world war, will be a reality if the women strive for it, now after this second world war, according to Carrie Chapman Catt. Introducing the speaker of the evening was Mrs. Harry Rosen.

Mrs. Edward Sunder, vice-president presided, and donations were contributed to both local hospitals and American Red Cross. Delegates to the state convention at Pittsburgh for April 27, 28, 29, were chosen, Mrs. Alec Samuels and Mrs. Dan Fisher; alternates being, Mrs. L. P. Kohn and Mrs. Julius Markley.

Elephant Bigger Than Jumbo May Be Shown

By RUTH BRIGHAM
(U.S. Staff Correspondent)

SARASOTA, Fla., March 20.—(INS)—The American circus fan of tomorrow can look forward to seeing an elephant "bigger than Jumbo," an Okapi—cross between a zebra and a giraffe—and a scared-in-yambo from the Belgian Congo. John Ringling Brothers, Barnum and Bailey, said his company has an agent in Africa authorized to bring the jungle animals to this country.

Howard Bary, who introduced the giraffe-necked ladies to this land, is the agent.

Ringling said Bary went to Africa to get elephants, "hoped for the okapi, and was surprised by the inyambo."

Rare Specimen

The latter, a rare species of buffalo which has never left its native land because of a superstitious belief of the people, has been offered the circus and the zoological garden in Washington "as a gift from the king of Ruanda."

The animals, which have a tusk spread of eight feet are definitely not for sale, and can only leave the country with the consent of the various chiefs.

That consent was given recently through a published account in the Leopoldville, Belgian Congo, newspaper, "Le Courrier D'Afrique." (The Washington zoological garden said it has not been notified of the prospective addition to its department of curious animals.)

The newspaper account stated that the animals would be given to the garden, to be exhibited by the circus.

Who'll Pay Transportation
Ringling said the \$54 question was, who would pay the transportation? He said to transport 12 animals of such size by air would be "quite expensive." But he hasn't turned the offer down.

The okapi, he said, is equally rare and only one has ever been sent to the United States. It is rapidly becoming extinct in Africa.

Strict Enforcement Of Dog Law Pledged

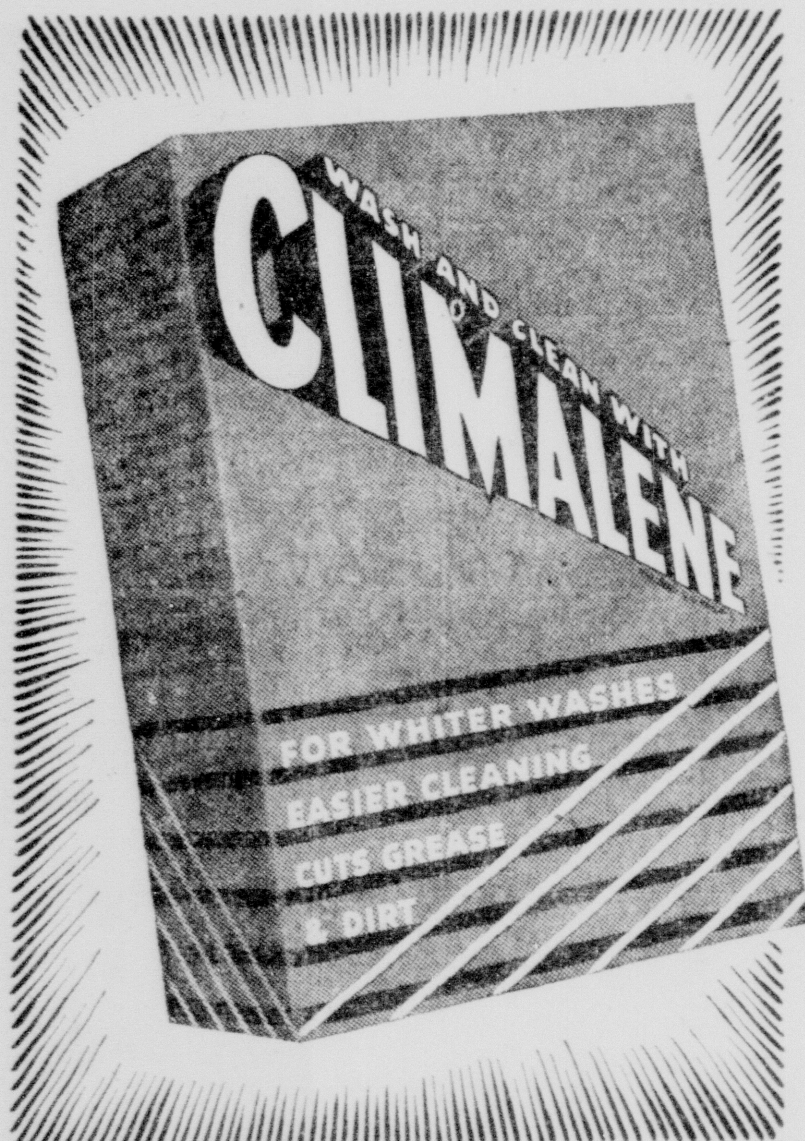

HARRISBURG, Mar. 20.—Gov. James H. Duff pledged strict enforcement of the dog license law to combat traffic in stolen dogs for vivisection purposes. "You can count on it that as far as I'm concerned I will tell the police officers of the state to pursue and prosecute relentlessly any persons engaged in the dog auction traffic," the governor said. The state has received complaints that large numbers of stolen animals have been shipped into Penn-

sylvania and sold for experimentation.

"I think it is one of the greatest abominations I know of for anyone to steal a person's pet dog," Duff asserted. "The business of traffic in children's and grownup's pets shows a heart devoid of all understanding, sympathy and consideration."

A state law in effect since 1921 requires licensing of all dogs.

Grouse are so wild they never have been raised successfully on game farms. About every seven years the wild stock diminishes, and science has never solved the mystery of this disappearance, says the Ohio Conservation Bulletin.

Plastics Plant Operates In Ward

Three Former G.I.'s Have Plant On
East Cherry Street; Plan
For Expansion

Combining the knowledge that they gained through service in the Armed Forces of their country and that learned through taking a special government course in plastics in Pittsburgh, three former G. I.'s have pooled their resources to form the Castle Plastics Company, with office and plant at 17 East Cherry street in Mahoningtown.

The unique industry, which has been in operation just six months in the city is owned and operated by three young men, D. John Razano and John Gaydos of New Castle and Joseph Golanty of Pittsburgh. The three youths work together harmoniously in their small plant turning out plastic novelties for which there is a great demand in local and district markets.

The young men order the plastic material from the factory where it is made and process it after it arrives, getting it ready for the wood-working machines on which it must be placed. Once the orders start coming in, at least 1500 lamps a week will be turned out by the young men with the assistance of others whom they eventually plan to hire, it is stated.

At present several similar plants are in operation in the city turning out many useful products. Most of the plants are operated by young men who were formerly in some branch of the service and came back with a desire to be in business for themselves.

Workmen Repairing Passenger Station

Notes of spring were prevalent in the Mahoningtown area during the usual visit of the Seventh Ward reporter on Wednesday afternoon it was observed.

Several workmen were busily engaged in doing some much needed carpenter work about the P. and L. E. and B. and O. railroad passenger station. The winter weather has been especially hard on the doors of the station and the carpenters were busy reinforcing the doors in order to make them safe for the many passengers who go in and out of the station daily.

According to Harry G. Boyd, ticket agent at the passenger station, an unusually large number of travelers are heading west these days on the trains. Much more western traffic is being handled than is usual for this season of the year.

Methodist Church School Conference

In the dining room of the Mahoning Methodist church a splendid twelve dinner was served to members of the board of education and Sunday school workers on Wednesday evening.

A workers conference followed the repast, with Rev. Warren A. Bugbee presiding. Plans were discussed regarding the presentation of an Easter program. The treasurer's report was given by Mrs. Janice Lewis.

Moving pictures were shown by the pastor, entitled "Let the Children Come", also "World Service of the Methodist Church".

The committee in charge of the dinner was Mrs. Ralph M. Scowden, Miss Virginia Stone, Mrs. Myrtle Miller and Mrs. Ralph Taylor.

Signal Lights Meet With Emerick Unit

Members of the Signal Light Bible class of the Mahoning Methodist church gathered on Tuesday evening in the parlor of the church, with a good attendance. Mrs. H. L. Fry led in the devotional exercises.

Following the business session, in charge of Mrs. Ed Gilbert, the evening Bible study class was conducted by Mrs. M. M. Tindall, with members joining in discussion.

A delicious lunch was served by Mrs. G. G. Emerick and her unit. Mrs. W. J. Cauffield, Mrs. J. M. Yates, Mrs. John Driggs and Mrs. Cassie Cain.

On Tuesday evening, April 15, the group will meet in the church parlor, with Mrs. John Driggs' unit in charge.

Myrna Lou Pearce To Enter District Speaking Contest

There will be a public speaking contest among youth of the Grove City Methodist district at Harrisville on May 13. This event is in the interest of Methodist youth for world service.

This contest program will follow the Methodist district conference during that day.

Myrna Lou Pearce, by placing second in the New Castle district on Sunday evening last, in the First Methodist church, is eligible for this contest. She will represent Mahoning Methodist church, and her theme will be "Youth's Part in World Service".

Concert Sunday At Methodist Church

On Sunday evening at the Mahoning Methodist church worship at 8 o'clock the McCoy Bible class will be in charge.

The group will present the newly organized Alumni Chorus, made up of graduates of New Castle high school, under the direction of Robert A. Duff, in a concert program. Folks of the community are welcome.

SECOND WARD YOUTH HEARS FROM GREECE

John DeFelle, of 113 East Clayton street, a second grade student in the Mahoning Public school, becomes the second student in the Seventh Ward to receive a thank you note from an appreciative Grecian child of the same age who had received an article of clothing from the Mahoningtown youngster.

Last fall during the clothing collection in the ward for the destitute of Greece, a pair of John's trousers were donated with John's name attached on a note inside the bundle. The Grecian child stated that he was anxiously awaiting a reply from his little American friend whose clothing is helping him keep warm during the cold winter over there.

MAHONING SCHOOL RETAINS LEAD IN STAMP COLLECTIONS

Retaining their lead in the city-wide Victory stamp and bond contest, the Mahoningtown Public school once more retains the lead in the friendly competition that is being waged in the schools of the city.

At the present moment, according to Fred McLure, principal of the school, \$2239.60 has been saved in bonds and stamps since the opening of school last fall.

INCREASE TUITION
WASHINGTON, Pa., March 20.—(INS)—Washington and Jefferson college today announced a \$71 in-

tenance of this army, he says, we had civilian army employees numbering one million one hundred seven thousand — two civilian workers for every three men in uniform. While there has been some reduction from time to time in the civilian payrolls of the army and navy, by reason of an act of congress requiring such reduction, it is manifestly absurd that in peace-time we should have a ratio of two civilian workers to every three soldiers.

Senator Capper also calls attention to the fact that there is in the army today one commissioned officer for every seven men; a field officer above the rank of captain for every thirty men; one colonel for approximately every one hundred sixty-five men. Certainly it will be conceded that the army, according to these figures, is top-heavy both with civilian employees and high-salaried personnel.

Senator Byrd lately said in the senate: "This over-all average cost per man for the war was \$6960. These figures include all expenditures for ships, planes, ammunition and everything else. Under the President's budget the cost per man in 1948 will be \$6970. In other words, the army and navy propose to spend only one hundred seventy dollars less per man than during the war."

These figures ought to be conclusive proof that the President's defense budget can stand a cut of at least ten per cent without in any manner threatening our security. While no patriotic citizen wants to

THREE BANDITS ARE SENTENCED

PITTSBURGH, March 20.—(INS)—Three bandits who pulled 34 armed robberies in Pittsburgh last year, today were under penitentiary sentences ranging from five to 20 years.

Judge A. Marshall Thompson sentenced Theodore Fisher, 27, and Curtis Morrison, 29, to 10 to 20 years in Western penitentiary. He sentenced Elmer H. Kaehl, 21, a first offender, to five to 10 years in the same institution.

All three men pleaded guilty to the charges.

Driver Donald Harvey, 23, told police he did not see the woman crossing the street.

PITTSBURGH, March 20.—(INS)—Pittsburgh police today pitched in to provide all medical expenses for Andrew Snyder, 23-year-old veteran who shot and critically wounded by a detective who mistook him for a bandit.

Police Superintendent Harvey Scott announced that a collection would be taken up at all stations to provide the best of medical care for Snyder.

Snyder was shot Tuesday by Detective Al Nimpher when he fled from the plainclothesman who wanted to question him in connection with a \$125 robbery of a hotel which had occurred shortly before.

Apple slices + piecrust mix

Crisp, firm apple slices and spice come in larger carton inside the Pyequick package. (Quick-dried apples.) Empty into bowl. Add 1 1/2 cups warm water. Let stand 10 min., while rolling pastry.

Piecrust mix comes in smaller carton. Enough for a two-crust 8-inch pie. Empty into a second bowl. Sprinkle with 1/4 cup cold water. Mix, roll out. (Pyequick will stand unusual amount of handling.)

Just before emptying apple filling into pastry-lined pan, add 1/2 cup of sugar, and stir. No peeling of apples! Pyequick is complete with apple slices too. A delicious pie every time. Just follow directions on the package. Pyequick is made by the millers of Gold Medal Flour. Recommended by our General Mills staff. Do try Pyequick!

Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, Mar. 20.—Lauren Bacall has just staged a minor revolt at Warners, but this time it all ended in sweetness and light.

The studio wanted Betty to play in "Whiplash". Betty, who has a mind of her own, didn't think the role was right for her. She went

right to the boss, Jack Warner, and told him so.

He was very nice about the whole thing. He said he didn't want to force her into anything objectionable to her, and that they'd just forget about it.

Vacation in Mexico

So Betty will be free, unless another assignment comes up, to leave next month with hubby Humphrey Bogart for San Jose Purua, Mexico, where he'll be on location with "The Treasure of the Sierra Madre".

It was just a year ago that Bogey and Betty staged their big revolt against playing in "Stallion Road". They were on suspension for weeks.

Recently they completed their third co-starring picture, "The Dark Passage", and all of Bogart's differences with the studio were settled in a contract to run a record 15 years.

Bogart has a month's shooting at the studio before the company leaves for Mexico.

There's one unusual point in the picture. There'll be a son directing his father. John Huston is behind the camera and Walter Huston, one of Bogey's co-stars, in front of it.

Work Among Blind Told Kiwanians

Mrs. Restenberger, Of Pennsylvania Association For Blind, Speaks To Club

WORK OF CHAPTER HERE EXPLAINED

Mrs. Freda Dixon Restenberger, field assistant of the Pennsylvania Association for the Blind, was the guest speaker at Wednesday noon's meeting of the New Castle Kiwanis Club, in The Castleton, and outlined the program of the association.

Mrs. Restenberger stated that a Chapter of the State Association has been organized in Lawrence county, and that a member of the Kiwanis Club is on the board of directors, along with representatives of other civic organizations and service clubs.

She traced the history of the movement to aid blind persons in Pennsylvania from the first charitable institution, the Institution for the Instruction of the Blind, organized in Philadelphia in 1833, until the state formed the State Council for the blind in 1925, and followed this with a pension for blind persons in 1934.

The Pennsylvania Association for the blind, a charitable institution to work among the blind people and to try and secure comforts and advantages which they did not enjoy, was formed in 1910. It aims to try and train blind people for positions where they may earn their own way, and to furnish treatment for prevention of blindness.

There are 13,000 totally blind persons in the state, with 25,000 more who have varying degrees of extreme sight impairment, Mrs. Restenberger stated.

Want To Keep Occupied

Those who are afflicted with blindness do not want to become objects of pity for the most part, she said, and they need something to keep them occupied. It was found during the war, the speaker stated, that many blind persons were able to do certain types of work much better than those who have perfect sight.

Seventy-two per cent of all blindness can be averted, Mrs. Restenberger told the Kiwanians, and this is a part of the work, which the Association hopes to accomplish.

Although blind persons receive a pension from the state, it is insufficient to maintain them, and they must be assisted to find work which can supplement this payment. In many cases, they can be taken off public assistance entirely, it has been found.

The local office of the chapter is in charge of Frank Raffaele, Room 507 L. S. and T. building. It is hoped in the near future, that larger quarters can be secured where a training program for the blind can be set up. Mrs. Restenberger stated. There they would be taught to weave rugs, make embroidery and do sewing, and other tasks to earn their way, as well as to learn to read by the Braille system. Their ultimate goal is to have every blind person employed, she stated in conclusion, and to have an opportunity to become self-sufficient and happy individuals.

WOULD OUTLAW VIVISECTION
HARRISBURG, Mar. 20.—(INS)—Vivisection of dogs would be outlawed under a measure today before the senate public health committee.

Sponsored by Sen. W. J. Lane (D) Greene, the measure would make experiments on live dogs misdemeanors and subject violators to fines ranging from \$100 to \$500 and

prison sentences of from three months to a year. The bill would outlaw experimenting "for the purpose of creating or inducing in or upon the body

of a living dog any diseases, malady, disorder, or any benign or malignant growth."

Prices Are Increased On Bakery Products In Central District

HARRISBURG, March 20.—(INS).—Price increases for bread and packaged bakery products became effective today in central Pennsylvania.

The price of bread was boosted one cent a loaf while price tags on

other bakery products were increased as much as five cents, according to the Central Pennsylvania Bakers' Association.

Bread in the Harrisburg area will go to 15 cents a loaf. The association's announcement was scheduled to affect prices in the section extending east to Allentown, west to Altoona, north to the New York state line and south to the Maryland line.

The association said increased costs of ingredients had forced the price rise.

The American Bakers' Association

has estimated only 150,000,000 barrels of "carry over" flour was available in the nation and a spokesman for the Central Pennsylvania affiliate said the stockpile was "dangerously low".

PROBE DELINQUENCY?

HARRISBURG, Mar. 20.—(INS).—The house today had a resolution proposing a series of hearings be conducted in Harrisburg, Philadelphia and Pittsburgh by a joint legislative committee to air problems of juvenile delinquency.

A \$5000 appropriation to cover

costs was proposed in the resolution co-sponsored by Rep. Felix S. Bentzel (D) York and Rep. Anthony J. Petrosky (D) Westmoreland.

"The all-out prosecution of the present war has raised many problems concerning juvenile delinquency that the present laws are inadequate to cope with," the resolution stated.

'Lucky' Luciano Being Deported

HAVANA, March 20.—(INS).—Former New York vice czar, Charles "Lucky" Luciano, exchanges his bare room at Cuba's Tiscornia immigration camp Wednesday for a stateroom aboard the Turkish vessel Bakir.

The deportation of Luciano closes a "vacation" that began in the swank night clubs and race tracks

of Havana and ended his confinement as an "undesirable person".

Before the case was brought to a close, Cuba's highest political circles were entangled in a dispute over judiciary procedure and prominent citizens of Havana fell under suspicion of shady dealings with the Italian-born gangster.

Deportation proceedings against the former vice king and dope peddler were forced by United States refusal to ship medicinal drugs to Cuba as long as Luciano remained there.

Two Receive Flight Instructor Ratings

Attaches of the New Castle Airport announced today that two additional men at the port have received their ground school ratings during recent examinations.

Francis Masson, of Sharon, has completed his course qualifying him as a ground instructor, while Bob

Stopping off at the local port Tuesday was Ray Moore of the Buffalo Aeronautical Corporation who was making a routine flight of the airports of this area.

The Montgomery Construction Company, of Grove City, is storing its twin engine Cessna at the port. The Bobo Company, also of Grove City, is storing its plane in the hangars of the port.

PLAYS REVIEWED

FOR TRINITY GUILD

At a meeting of the Junior guild of Trinity Episcopal church in the guild room Wednesday evening, members heard Mrs. J. J. McIlvaine review two shows currently running on Broadway, a revival of "Cyrano de Bergerac" with Iose Ferrer in the lead, and Joan of Lorraine starring Ingrid Bergman.

Her dramatic presentation captured completely the spirit of the plays and held the close attention of the group. Mrs. McIlvaine was introduced by Mrs. Ray G. Canthurs.

During business, with Mrs. Dudley Arnold presiding, it was announced that vestments for the junior choir have been completed and plans were discussed for a fund-raising project next month of which Mrs. Wayne Porter is chairman. Plans were also discussed for a mothers and daughters dinner.

At the next meeting the nominating committee will report. Door prize was won by Mrs. Harry Culliford. After the program refreshments were served by candlelight at a U-shaped table, decorated in pink and green with flower arrangements and flamingo figurines as accents.

Hostesses were Miss Margaret McCracken, Mrs. Elizabeth Reis and Mrs. Joseph Buttl.

EIGHT SPOTS CLUB

IS ENTERTAINED

Eight Spots club was entertained Wednesday evening in the home of Mrs. Paul McConnell, 308 Hillcrest avenue, when a new game furnished entertainment during the evening.

Winners of high score prizes were Mrs. Howard Tindall and Miss Berthie Latos. After play a lunch was served by the hostess.

Next meeting will be April 2 in the home of Miss Berthie Latos, 512 Electric street.

HOME WEDDING

Before an improvised altar in the living room of the bride's home at a candlelight ceremony Wednesday evening at 7:30 o'clock Miss Lois Adele Stoner, daughter of Mr. and Mrs. Lester K. Stoner, of R. D. 6, became the bride of Harry Melvin Ruby, son of Mr. and Mrs. Harry C. Ruby, of 915 Almira avenue, this city.

Rev. Melville Martin, pastor of the Rose Point Reformed church, officiated at the ceremony in the presence of a gathering of guests, assisted by Rev. Lawrence Ayers, pastor of Oak Grove U. P. church. An arrangement of spring flowers in tints of pink, yellow, and blue, decorated the altar.

The bride wore a wedding gown of ivory satin fashioned with a short train. Her fingertip length veil fell from a coronet of orange blossoms and she carried a white Bible with a gardenia and streamer marker. The gold cross she wore was one that had been a gift from her brother, Kenneth.

Her only attendant was her sister, Miss Ruth Stoner, who wore a gown of aqua net over taffeta and a corsage of gardenias and pink roses. Charley Ruby served his brother as best man and ushers were Raymond Stoner, brother of the bride and Donald Perdue.

Preceding the ceremony Mrs. Melville Martin played a half-hour recital of nuptial piano music.

Following the ceremony the bridal party received guests at an open house reception with refreshments served at 10:30 to the bridal party and nearly 40 guests.

Aides were Mrs. Percy Knight and Mrs. Guy Wimer.

Mr. and Mrs. Ruby left on a wedding trip to Niagara Falls and on their return will take up residence in an apartment at 915 Almira avenue.

Mrs. Ruby is a graduate of Princeton high school and attended Studio Art School in Pittsburgh for one year. She has been employed in the display department of the New Castle Store.

Mr. Ruby, who attended New Castle high school, is employed in the Youngstown Sheet & Tube Company mill in Youngstown.

Says U.S. Must Prepare Plan To Occupy Mars

Other Neighbor Worlds In Space Would Have To Be Occupied In Future War

SUCH IS IDEA OF MAJOR RANDOLPH

By FRANCES MUSIC
(U. S. Staff Correspondent)

WASHINGTON, Mar. 20.—(INS)—Maj. J. R. Randolph, mathematician and engineer, declared today that the United States must prepare to occupy Mars and other neighbor worlds in space.

Randolph said this was necessary to make victory in a possible future war more certain. He asserted:

"In World War II we found it necessary to occupy bases in remote parts of the earth, or least to make sure the enemy did not occupy them.

"In World War III we cannot limit such occupation to the earth alone. We must extend it out into space as far as rockets can go and to our neighbor worlds in space."

Prepare For Occupation

Randolph, writing in the semi-official journal of the army ordnance association, added:

"Money and lives will be saved and victory made more certain by all that we can do in peacetime to prepare for such occupation—studying these other worlds, sending expeditions to them, and devising equipment to meet their special needs."

The army officer said that "rockets capable of going to Mars may come more quickly than we now think possible and when they come, there will be a race to get there first with an adequate expedition."

Randolph pointed out that "satellite ships" capable of remaining outside the air limits indefinitely and circling the earth are being considered seriously.

He maintained that "when the satellite ship is a reality the earth-Mars rocket will be just around the corner."

Methods Difficult

The major acknowledged, however, that certain technical and operational methods must be evolved and perfected.

It was pointed out that the lowest velocity a satellite ship could have is 4.94 miles a second and that the velocity of escape from Mars is less than that.

Randolph, in this connection, stated:

"It therefore would be theoretically possible to attack an earth nation from Mars as easily as to attack it with satellite rockets from another part of the earth."

He asserted that attack from Mars would afford vastly greater opportunities for secrecy and surprise, elaborating:

"Even Russia's 'iron curtain' has leaks. Her spies, sent abroad, often choose freedom. Political prisoners crawl out under the barbed wire.

No Leaks Here

"But no such leaks are possible across forty million miles of perfect vacuum which, at the nearest, separates us from Mars."

Randolph said that Mars is a world somewhat like this one except smaller and that once a human colony was established there it could be developed into a great and powerful nation.

Randolph said that the proposed expedition to Mars need not be large but that it should be self-sufficient and equipped to set up and maintain a radio station capable of communicating with the earth.

The Army Ordnance Journal commented that "at least we owe it to ourselves to investigate the possibilities (outlined by Randolph) with an eye to our future security."

Randolph was described as a noted mathematician and long experienced as a teacher in several outstanding engineering schools.

The highest flow of milk per cow for the month of November was recorded during 1946. Good pastures and the most liberal feeding of concentrates were reported were factors in maintaining this high rate of flow.

It takes a Chorus such as the famous General Platoff Don Cossacks to give full flavor to the various war songs that have recently come out of Russia, such as Lev Knipper's "MEADOWLAND", Bogoslovsky's "BELOVED CITY", and "BORODINO", a Russian Cavalry Song, all new Soviet soldier songs that only the true soldier knows how to sing.

Thus, these doughty one-time cavalry officers, seasoned fighters of the Steppes, inject an excitement into their singing that is difficult to describe. With their massed virile tone, they strike fire in the hearts of their hearers. Only the decorum of the concert hall keeps the audience from joining in. But rousing cheers are the aftermath.

Clad in their shiny regimentals of black and red, their blouses of red, blue, or white, interchangeable for the different sections of the program, their black riding-boots glistening with polish, their caps at a saucy angle, they make a bright spot of color on the concert stage.

Small wonder that the Chorus, 27 voices, receives such a rousing welcome from our men in the armed forces.

Since the lifting of the ban on marriage for its members, the Don Cossacks organization now counts eight happy Benedicts. All but one married American-born girls. "The married men may worry a little more than the single ones," observed Director Kostrukoff, "but they work harder, sing better than ever. It is working out very nicely."

Thompson Takes Over Governor Post In Georgia

ATLANTA, Ga., Mar. 20.—(INS)—The fate of Georgia's white primary was in the hands of acting Gov. M. E. Thompson today.

Governor Thompson will go before a joint session of the house and senate today, making his first public appearance as Georgia's full-fledged, legally recognized chief executive.

The 43-year-old former revenue commissioner was expected to make known his views on the white primary, as well as the possibility of an extra session. The current session of the General Assembly ends Saturday.

All bills signed by Herman Talmadge in his two-month occupation of the governor's office are null and void after a ruling to that effect by Attorney General Eugene Cook.

The legal opinion leaves to Gov. Thompson a decision as to whether the white primary bill signed by Talmadge will be law.

If the General Assembly follows the suggestion of Attorney General Cook, it can avoid the necessity of re-enacting all of the legislation.

Cook advised that the house and senate agree that all bills now bearing Talmadge's signature be re-submitted to Thompson for his approval or veto.

Offices Turned Over

The governor's offices, turned over late yesterday to Phil Landrum, Thompson's executive secretary, are in shape for occupancy by Thompson.

This will be the first time since ex-Governor Ellis Arnall resigned that Thompson has set foot in the executive suite. He has occupied a desk in the senate president's office since Talmadge's inauguration.

The governor's mansion also is empty, and Gov. and Mrs. Thompson are expected to move into the official residence as soon as possible. Talmadge and his family removed their personal belongings from the mansion within two hours after hearing the court decision.

The majority opinion was written by Presiding Justice William H. Duckworth. With four other justices concurring, he said that the death of Gov.-Elect Eugene Talmadge did not authorize the General Assembly to declare, as it did, that no "person" had received a majority of votes in the general election.

The court then branded Talmadge's elevation to office as void and stated Thompson was entitled to the post.

Talmadge Tells Wife, We're Moving

ATLANTA, Mar. 20.—(INS)—The two-month reign of Herman Talmadge as occupant of Georgia's governorship was climaxed Wednesday with a classic remark to his wife.

Informed that the state supreme court had decided his occupation of the office was illegal, Talmadge

quickly telephoned the executive mansion.

When Mrs. Betty Talmadge answered, the loser in the strange battle for political power calmly told her:

"Honey, the court ruled against us. We are getting out."

Presumably, that was the signal for Mrs. T. to begin packing.

In addition to his wife, the Talmadge official family at the executive mansion also included his two young sons and his mother, Mrs. Eugene Talmadge.

Gardening Books At Public Library

"Now is the time for all good men..." come to the aid of the soggy masses of mud which are their

gardens. The know-how for pruning, lawn-making, planting, cultivation, weeding and spraying can be found among the many gardening books at the public library.

Miss Alice Sterling, chief librarian, has issued a list of several of these books, which gardeners are most likely to find helpful for spring chores. They are:

"Pruning Trees and Shrubs," by E. P. Belt; "Weeds of Lawn and Garden," by J. M. Pogg; "Herbs," by Rosetta Clarkson; "The Garden Clinic," by Laurence Blair; "Week-End Gardening," by Sterling Patterson; "Gardening for Good Eating," by Mrs. Helen M. Fox; "The American Home Book of Gardening," by Leonard Barron, and "Better Lawns," by H. B. Sprague.

The first public school in the United States was the Boston Latin School, founded in that city in 1635.

Move To Punish Shortweighting Of Coal Dealers

HARRISBURG, March 20.—(INS)—Shortweight coal dealers were faced today with proposed mandatory six months jail terms when convicted for times of gyping buyers.
Sen. George B. Stevenson (R) Clinton, chairman of the local government commission, said legislation trebling penalties for "shortweighting" buyers would be reported to the floor by the local government committee Monday.
The measure, sponsored by Sen. John W. Lord, Jr., (R) Philadelphia proposed new fines ranging from

\$100 to \$200 for first offenses up to \$500 to \$500 for fourth convictions plus jail terms. Current penalties start at \$25 for the initial offense. Stevenson reported that a companion bill requiring coal dealers handling other merchandise to post prices had been pigeonholed by the committee. The action was prompted by opposition from merchants, he added.

Diary Lays Bare Couple's Lootings

PITTSBURGH, March 20.—(INS)—A Pittsburgh couple faced burglary charges today because of a diary kept by the woman carefully listing, according to police, between 20 and 25 robberies and the amount of loot taken.

The couple was listed as Jerry Glukis, 24, and his wife, Charlotte, 24. Police said the diary was found in their home among clothing and other loot.
The couple was alleged to have wandered into homes where doors were found unlocked. If confronted, the woman would give the name of a party for whom she was looking to obtain bundles of clothing for relief, police said.
Police reported that Mrs. Glukis was arrested after she was apprehended by a housewife whose home she had entered.

Packaged dry milk should be put in a slow oven (140° F.) for about 30 minutes. Heating at a low temperature does not affect the quality of the milk, but will kill insects and eggs. After heating, keep milk tightly closed in cool dry place.

The company has a patented process which restores old, faded records and this will be done with many of the dockets. Those that are in need of binding will be done. The work will take over a year to complete, it is thought.

Sanitary Water Board Transfer Is Postponed

HARRISBURG, March 20.—(INS)—Transfer of the sanitary water board from the health department to the department of forests and waters to integrate Gov. James H. Duff's stream clearance program today was slated to be postponed for two years.

Rep. Charles H. Brunner, Jr., (R) Montgomery, sponsor of the bill to authorize the shift, said the postponement had been sought by secretaries of health Norris W. Vaux and forests and waters Milo F. Draemel, new cabinet members. They asked additional time to prepare "mechanics necessary" for the change, Brunner said.

The transfer was recommended by Gov. James H. Duff to place all agencies dealing with the stream pollution problem in one department.

Jesus' Intercessory Prayer

Highlights On The Sunday School Lesson

By NEWMAN CAMPBELL
(The International Uniform Lesson on the above topic for March 23 is John 17, the Memory Verse being James 5:16, "Pray for one another.")

In this lesson Jesus and His disciples are somewhere in or near Jerusalem, and most probably out of doors, not far from the Kedron river. In crossing the river they would come to the Mount of Olives and the Garden of Gethsemane. This was the evening of the day before His arrest, as it was in the last week's lesson.

With the last words of that lesson,

son, "I have overcome the world," Jesus "lifted up His eyes to heaven," and began a prayer to His Father in Heaven to take care of these men whom He loved, and to strengthen them in their work when He would send them.

"Father, the hour is come," He said, "glorify Thy Son that Thy Son also may glorify Thee." It is a triumphant petition, although Jesus knew that in a few short hours He would suffer a cruel death.

"I have manifested Thy name unto the men which Thou gavest Me out of the world: Thine they were, and Thou gavest them Me; and they have kept Thy word."

"Now they have known that all things whatsoever Thou hast given Me are of Thee. For I have given unto them the words which Thou gavest Me; and they have received them, and have known surely that I came out from Thee, and they have believed that Thou didst send Me."

Jesus knew how weak these men He claimed as His own were. Judas was about to betray Him; Peter was to deny Him shortly, and all would desert Him in His hour of need.

But He knew too that, with God's help, they would redeem themselves and carry on the work for which He had come into the world, and for which He had called them. He had faith in them, although He knew their weaknesses.

Jesus Prays For Disciples
"I pray for them: I pray not for the world, but for them which Thou hast given Me; for they are Thine." One wonders what these men, His close friends, thought of as their Lord stood in their midst uttering these prayers. Would they remember them when He was gone?

"And now I am no more in the world, but these are in the world, and I am come to Thee. Holy Father, keep through Thine own name those whom Thou hast given Me, that they may be one as We are."

"While I was with them in the world I kept them in Thy name: those that Thou gavest Me I have kept, and none of them is lost, but the son of perdition." This term applied to Judas Iscariot is the only reproach Jesus uttered of the man who was to betray Him.

Asking divine protection for His disciples Jesus prayed: "I have given them My word: and the world hath hated them, because they are not

of the world, even as I am not of the world."

"I pray not that Thou shouldst take them out of the world, but that Thou shouldst keep them from evil."

"Sanctify them through Thy truth: Thy word is truth."

"As Thou hast sent Me into the world, even so have I also sent them into the world."

"And for their sakes I sanctify myself, that they also might be sanctified through the truth."

"Neither pray I for these alone,

but for them also which shall believe on Me through their word."

Asks That They May Share Glory
He asked God, His Father, not only to keep His disciples from evil, but that "they may be with Me where I am; that they may behold My glory which Thou hast given Me."

"O righteous Father, the world hath not known Thee; but I have known Thee, and these have known that Thou hast sent Me."

"And I have declared unto them

Thy name, and will declare it: that the love wherewith Thou hast loved Me may be in them, and I in them."

This was the last gathering these friends had together. Except for the few times the disciples saw the Master after His resurrection, they had no further association with Him. They still seemed not to understand what was to befall Him in a very short time, but all their lives they undoubtedly remembered this prayer of His and it strengthened them for the work they had

to do; gave them courage when danger threatened, enabled them to face death, even as He had faced it, for the Great Cause which He had preached. A father and father's prayers give strength and courage to their earthly children in times of danger, as do those of wives and sweethearts. How much more would Jesus' prayer for His followers bring them blessings?

Indict Valenti On Four Charges Of Draft Evasion

Federal Grand Jury At Erie
Indicts Alleged Pittsburgh
Racketeer

ERIE, Pa., March 20.—(INS)—Frank Valenti, alleged Pittsburgh racketeer, was indicted on four counts by the Federal grand jury in Erie, charging evasion of selective service laws, on Wednesday.

The grand jury deliberated only 10 minutes before returning the true bills.

Valenti was charged with being "ready, willing and eager to avoid" the draft laws.

The four indictments charged Valenti with:

1. Failure to notify his draft board of facts which would place him in a different classification for military service.
2. Unlawfully and willfully conspiring to violate the selective service act.
3. Failure to report to the draft board a divorce obtained by his wife.
4. False and fraudulent statements concerning his employment and physical condition for the purpose of obtaining an unlawful deferment.

Test Case

M. D. Canter, assistant U. S. district attorney of Pittsburgh who, with special prosecutor Frank H. Patton of the attorney general's office in Washington presented the case, had said it would be a "test case for future similar cases in the United States."

"I hope this case comes to trial," Canter told International News Service before it was presented to the grand jury at Erie.

"I hope Valenti doesn't plead guilty. There are more cases that would be established with the Valenti case as a precedent if it comes to a jury's verdict."

Valenti was employed as a watchman at a steel plant near Pittsburgh during the war, and used that position to obtain deferments from the draft, the government charged. He also pointed to the dependability of his wife on his earnings, and pleaded lack of funds with which to support her if he were in the armed forces.

The government alleged he was a partner in several night clubs in Pittsburgh and vicinity at the time, that he was not dependent on his job as a watchman for his livelihood, and that he frequently was not at work at the steel plant.

There have been many contests run to determine the favorite all-American meal, and in one big contest the following menu was voted the favorite: Grapefruit and orange cocktail, cream of tomato soup with crackers, roast chicken with dressing, new peas, mashed potatoes, butter, biscuits, lettuce and asparagus tip salad, pumpkin pie, and coffee.

Crippled Children Clinic Is April 16

Crippled children clinic, operating under the supervision of the State Health department, will be held April 16 at the Jameson Memorial hospital, beginning at 9 a. m.

It was previously reported that the clinic would be held April 1, but Miss Grace Ackerman, state nurse, said today that the correct date is the 16th.

Dr. C. C. Yount, orthopedic surgeon, will be in charge of the clinic, and will diagnose and recommend treatment for all crippled children under the age of 21 years, regardless of race, creed or color.

Parents wishing to have their children examined should contact Miss Ackerman at her headquarters, 11½ East street, to make arrangements.

POLIO CASES REPORTED

HARRISBURG, March 20.—(INS)—The state health department today reported 14 cases of infantile paralysis had been reported in Pennsylvania since January 1 of this year compared with eight during a similar period of 1946.

Deputy Secretary J. Moore Campbell said it was too early to determine whether the increase had any serious implications. The incidence rate of the disease generally starts on an upward trend with the advent of warm weather, he said.

Army Day Is Taking On Complexion Of An American Folk Event

Monday, April 7, Proclaimed Army Day By Proclamation Of President Truman

M-Sgt. Charles Walsh, the local Army recruiting officer whose office is in the Post Office building, states that observance of Army Day is taking on the status of an annual American folk event, response to the War Department program indicates.

The American people—in the bustling cities, serene villages and calm countryside—is putting its heart in supporting the occasion dedicated to our veterans—in and out of uniform—those who gave their lives on the field of battle and the members of the Army that must carry on the multifold tasks devolving from the hard-won victory.

Every section of the people, from enthusiastic school children to world-wise veterans of the nation's wars, is apparently prepared to join in recognition of Army Day which this year has been expanded into Army Week.

Traditionally falling on April 6, anniversary of America's entrance into World War I, and originally sponsored by the Military Order of the World Wars, Army Day has been set for April 7 this year by presidential proclamation as the preceding day is Easter Sunday. Army Week is April 6 to 12, inclusive.

LAID EGG IN BED

Junior leisuredly climbed the stairs to Cremons' bedroom yesterday and laid an egg in his bed—for the second consecutive day.

Pittsburgh Boy Picket Jailed

PITTSBURGH, Mar. 20.—(INS)—Pittsburgh police today jailed their youngest picket.

He was a 14-year-old boy who defied their orders to "move on" as he picketed Gladstone Junior High school, where a two-day strike of about 500 of the school's 700 stu-dents is in progress.

They charged the lad with disor-derly conduct.

The students went on strike yesterday, demanding more boys' clubs. Today the shouting, placard-waving boys prevented girls from entering the school, police said, threatening those who attempted to cross their "picket lines."

Urge Passage Of House Measure

WASHINGTON, Mar. 20.—(INS)—The CIO and the Veterans of For-eign Wars today urged passage of the Wagner-Ellender-Taft low-cost housing bill to end the present shortage which was termed a "na-tional disaster."

CIO President Philip Murray and R. J. Thomas, chairman of the CIO housing committee, voiced full sup-port of the measure in a letter to Sen. Tobey (R) N. H. head of the senate banking and currency com-mittee which opened hearings on the bill.

American-Welsh To Attend Anniversary

Wednesday evening, at a congre-gational meeting of the First Con-gregational church, presided over by Henry T. Jones, it was decided to dispense with the Sunday evening service to enable the members to attend the Elm Street Welsh Congregational church of Youngs-town, who will celebrate their 102nd anniversary.

A large delegation from the church and among the American-Welsh folks will attend the occa-sion following the morning service here.

The invitation came through Griffith Thomas, who has been serving the Elm Street church as interim pastor since the passing of Rev. Henry R. Hughes, the pas-tor, several months ago.

There will be sessions in the afternoon at 2:30 and in the eve-ning at 7. The speaker of the oc-casion will be Rev. Heddwyn Wil-liams of Toronto, Canada, who re-cently arrived from Ammonford, South Wales. Prof. Herbert Davies of Steubenville, O., will direct the congregational singing at both ses-sions. Following the afternoon ses-sion there will be a Welsh tea party.

The Youngstown church is a pio-neer in this area, and closely iden-tified through its pastors, with the organization of the local Congrega-tional church.

Annual meeting of the Dollar Savings Association was held in the office of the association on East street Wednesday evening. Ivor V. Davis and Richard E. Rentz were elected as new directors and John S. Abel, James P. Caldwell and John D. Alverson were re-elected to the board.

The following officers were re-elected: president, John S. Abel; vice president, Dr. Jesse R. Cooper; treasurer, James P. Caldwell; secretary, Robert A. Eckles; assistant

secretary, Blair D. Alverson; solicitors, Caldwell & McFate. The directors of the association are John S. Abel, Blair D. Alverson, James P. Caldwell, William J. Caldwell, Dr. Jesse R. Cooper, Ivor V. Davis, Robert A. Eckles, Joseph R. McFate, Orville Potter, John R. Preston, Richard E. Rentz.

John S. Abel, president—completing 30 years of service as a director and 26 years as president of the association—reported to the shareholders that the association had completed the most successful year in its history. The total assets of the association are \$4,108,523.28 or an increase of 21 per cent over the previous year. He also reported an increase of \$951,770 to a total of \$2,629,513 in mortgage loans on homes in New Castle and vicinity, including 247 G. I. loans to returned veterans for the purchase or reconstruction of homes during the year 1946.

Delay Threatened On Action On One Cent Gas Tax Levy

Disagreement Develops Over Formula For Distribution To Political Sub-Divisions

HARRISBURG, Mar. 20.—(INS)—A disagreement over a formula for distributing liquid fuels tax funds to political sub-divisions threatened today to delay action on an administration bill to continue the emergency one-cent gasoline levy.

Battle lines were drawn by the League of Third Class Cities and second class township supervisors, both demanding local governments receive a definite percentage of the tax returns estimated to total \$36,000,000 a biennium. Cities favored retention of the present mileage basis while the townships urged allocation on a pro rated basis of mileage and population.

The measure was sidetracked by the house ways and means committee when the administration's other tax bills were released yesterday. Majority Leader Herbert P. Sore said the delay was sought to avoid an open clash on the floor of the house.

This evening Union high school will present their portion of the music and forensic county contest in the school auditorium at eight o'clock, the final preparation before the actual contest on Saturday.

In charge are Betty Robinson and Mrs. Helen King. Plans were made at the P. T. A. recent meeting for an old-fashioned colonial party, to be held April 15, the event to be in costume.

It was decided to contribute \$25 to the school children relief in Europe.

After business an informal game period was enjoyed and Mrs. David Curtis and Mrs. Teece captured the winning prizes.

Dainty refreshments were served later in the evening. In charge of the session was president, Mrs. Edward Donley.

School Board Is Compiling Budget

Work on the budget for the New Castle public school system was advanced Wednesday night March 19, when a special meeting of the board of directors was held.

In the main, the budget will be approximately the same as the tentative totals shown the board a week ago, with the total reaching about \$1,700,000.

A special meeting will be held for a short time this afternoon and a completed budget, may be reached by tomorrow.

Senate Committee Hears Supporter Of Army-Navy Merger

WASHINGTON, Mar. 20.—(INS)—The senate armed service committee prepared today to hear the administration's leading supporter of President Truman's army-navy merger bill Secretary of War Robert Patterson.

Committee critics of the measure, were expected to challenge Patterson to show them where economies will be effected and how the individuality of the three services will be safeguarded under Mr. Truman's measure.

Meanwhile, it appeared certain that vigorous efforts to revamp the administration bill will be made before it gets committee approval. Three powerful senators—a Republican and two Democrats—found fault with the compromise worked out by President Truman and top officials of the services.

PITTSBURGH, March 20.—(INS)—The death of William J. Blair, 26, of suburban Glenshaw, today was listed as suicide, police reported.

Issue Call For Former Marines To Join Reserve

Corps Striving To Enlist 21,000 Officers And 70,000 Enlisted Men In Effort

If World War II proved anything, it was that to fight modern war the regular military establishments must be supplemented by a strong and well trained reserve.

So that the Marine Corps can accomplish rapid mobilization if necessary with maximum efficiency and minimum preparation, the Marine Corps has now made the opportunity to enlist in the Marine Corps Reserve Inactive available to all men who were discharged honorably or under honorable conditions from the Marine Corps and are between the ages of 17 and 32 years of age. Men over 32 may enlist if their period of active service in the Marine Corps subtracted from their present age brings them into the aforementioned age bracket.

Goal Is 91,000

The Volunteer Reserve, which may attain a strength of 21,000 officers and 70,000 enlisted personnel, is comprised of individuals who wish to affiliate with the Marine Corps Reserve but do not wish or

are unable to participate in any required training. Correspondence courses are open to them and they may receive special group-instruction and periods of field training if they wish.

The only obligation of men serving in the Inactive Reserve are that they keep the Marine Corps informed of any change of address and serve on active duty ONLY in the event of a national emergency. All former marines interested in

the Inactive Reserve are urged to contact local marine recruiting sergeant, located in the Post Office building.

Forty-five of the 100 members are engaged in college and university work, 26 are public school administrators, 11 are in state and federal service, five are in business or

industry, while three of the remaining 13 are housewives.

Housewives are Mrs. Isabella Wadell White of State College; Mrs. Ray Deck Hale of Silver Springs, Md., and Mrs. Polly Kessinger Moore of Baltimore, Md. Other women in the group number 18.

Dr. Paul Cressman, director of the bureau of instruction, State Department of Public Instruction, Harrisburg; Irving Coblentz, clinical psychologist, mental hygiene

division of Veterans' Administration, Pittsburgh, and D. B. Kraybill, vocational adviser, Veterans' Administration, Huntington, W. Va., are still other members of the group.

During the 12 months ending on June 30, 1946, world sugar production was only 27 million tons, as compared to 34 1/2 million tons produced annually in the prewar years 1935-1939.

Launch Probe Into Unions' Attitude On Small Business

Congress Committee To Investigate If Small Businessmen Are Being Victimized

WASHINGTON, March 20.—(INS)—A house subcommittee today launched a probe to determine whether small businessmen are being victimized by unions.

Rep. Hoffman (R) Mich., committee chairman, announced that small business representatives would be called to testify whether labor unions have employed "coercion and intimidation" toward small concerns.

Hoffman reported the investigation will determine whether the Hobbs anti-racketeering act has been properly enforced by the justice department. In criticism of justice department policy, Hoffman said:

"The record over the years shows very clearly that those gentlemen (of the justice department) have not undertaken all the prosecutions they could because labor unions are involved."

Racketeering Charged
"It's a matter of common knowledge that unions—some of them—have practiced racketeering for the past seven years."

The investigation on a national scale is the direct outgrowth of testimony heard by the committee on the prolonged Philadelphia produce market tie-up.

At the outset of the hearing which concluded yesterday, the committee was concerned specifically with the Philadelphia situation where a dispute between a local AFL teamsters affiliate and produce merchants and haulers has existed since January 6. Hoffman decided to widen the scope of the committee's work after merchants and haulers contended they were "in growing fear" of union retaliation because they testified.

They charged they were subjected to physical and economic threats by union "strong-arm men" and that they had been forced to join "bogus employers association" set up by the local union.

The committee's findings on the Philadelphia situation will be made known early next week.

CAA Plans More Navigation Aids

HARRISBURG, March 20.—(INS)—The state aeronautics commission today planned 200 more identification markers to supplement the 133 air navigation aids painted on building roofs last fall.

Director William L. Anderson, of Jenkintown, said the markers cost approximately \$87.50 each. He reported the commission planned to make air maps and airport directories available to Pennsylvania's more than 29,000 pilots.

Forty thousand dollars was allocated by the commission to New Kensington for airport construction, he said. The field will serve New Kensington, Arnold and Vandergrift.

Anderson was elected secretary of the commission, a post he will hold in addition to the directorship.

Rebel Attack In Paraguay Nears

ASUNCION, March 20.—(INS)—Paraguayan government militia and police rushed to strategic points in Asuncion today as reports of an impending rebel attack heightened tension in the capital city.

A rebel radio broadcast declared that the Chaco insurgents' forces under Colonel Ramon planned to start an operation against Asuncion.

Asuncion police and soldiers tightened control of the city streets to forestall possibility of an underground movement springing up to aid the revolutionists.

Meanwhile, government aircraft carried out another bombing mission against insurgent positions and naval units in Northern Paraguay.

Fire Occurs On Army Transport

JERSEY CITY, N. J., March 20.—(INS)—Fire swept an army transport docked at Craven Point, Jersey City, today and caused considerable damage before it was extinguished.

Nine fire companies from Jersey City aided by fireboats poured water on the blaze.

The stricken vessel was the S. S. George Washington, a reconverted German ship placed on transport duty and emphasized it was not to be confused with the passenger liner George Washington which is due in port today.

Damage was confined chiefly to the upper deck of the transport.

FISH AND EGGS ARE GOOD PROTEIN FOODS

It takes good planning to keep Lenten meals both varied and nutritionally adequate. Include one food that furnishes high quality protein in each meal and use extra amounts of milk and whole grain cereals, suggests Miss Emmeline Mehlman,

home economics extension representative for Lawrence County.

Fish, eggs, cheese, butts, and some of the legumes are protein foods around which excellent meatless meals can be planned. A soybean casserole, a cheese soufflé, a fish flake omelet, and a cheese and bean loaf are only a few suggestions for satisfying main dishes.

Here is a recipe for baked stuffed eggs that will serve six persons:

6 eggs, 1 teaspoon salt, 1-8 teaspoon pepper, 1-4 teaspoon dry mustard, 2 tablespoons butter, 1 tablespoon vinegar, 1 tablespoon flour, 1 cup milk, 1-2 cup snappy cheese spread.

Hard cook the eggs, then cut in half lengthwise, and remove yolks. Mash yolks and season with one-half the salt, pepper, and butter, the mustard, vinegar, and any other seasonings desired in stuffed eggs.

Stuff the egg white with this mixture and place them in a baking dish. Bake in a moderate oven about 20 minutes, or until the sauce bubbles and begins to brown.

THE TRUTH ABOUT PIN-WORMS

Serious facts are revealed by recent medical reports. One out of every three people examined was found to be a victim of Pin-Worms—often without suspecting it! And this ugly infection can cause real distress if neglected.

So watch for the warning signs that may mean Pin-Worms—especially the aggravating rectal itch. Get JAYNE'S P.W. right away. P.W. is a medically sound treatment based on an officially recognized and highly effective drug element. The small, easy-to-take P.W. tablets work in a special way to remove Pin-Worms easily and safely.

Ask your druggist: P.W. for Pin-Worms!

Baked potatoes, tossed green salad, bran muffins, a fruit dessert, and milk served with the baked stuffed eggs will make a complete and delicious meal.

New Organization To Be Known As Slippery Rock Township Volunteer Fire Department

At a well attended meeting of interested citizens of the Slippery Rock township area, held Wednesday evening, in the Princeton high school building, the Slippery Rock Township Volunteer Fire Department was organized. The decision for the organization came after much discussion took place among the township representatives at the meeting.

An election of officers took place after the decision to organize with the following officers named to guide the department for the period of a year: president, William Andrews; vice-president, John Leonhardt; secretary, John Albert; treasurer, Victor Waters.

Committees were named for financing the organization, drawing up of a constitution and canvassing for membership. At the initial meeting on Wednesday evening, 45 signatures were obtained as charter members of the organization.

The charter will be held open until the next meeting on April 16 at the high school building. Meetings will be held the third Wednesday of each month. Other residents of the community who were unable to attend the meeting last night are urged to attend the next meeting in April.

HURT DRILLING

You'll prefer Cudahy's Puritan Franks because they're ALL MEAT—a blend of selected beef and pork with no cereal, no dried skim milk added. And in every bite of these plump, juicy franks, you taste delicious seasoning—and the flavor of sweet-smelling hardwood smoke. Puritan Franks are already cooked, so simply cover with water and bring slowly to the boiling point. After vegetables are boiled, drained, seasoned—arrange as in picture. Garnish with parsley. Serves 4.

Landon Approves Truman's Plan To Stop Communism

Time For U. S. To Prove That Nation Is Through With Repeated Concessions

WICHITA, Kan., Mar. 20.—(INS)—President Truman's stop-Communism program was commended today by former Gov. Alf M. Landon, who urged that the president be given "everything that he asks". Landon, the 1936 Republican presidential nominee, called for this national support even at the risk of war.

He declared that it is up to the United States to prove frankly that we are through with concessions and that our purpose is to put a stop to Russian imperialism and expansion.

Landon told the Men's club of Wichita's Temple Emanuel last night that only by such a "cards on the table" policy "can the (Greek and Turkish) loans accomplish the ends desired by peace-loving democracies of the world."

He denounced "pattycake" pronouncements and "internationalism of the hallelujah brand" which he said have marked America's foreign policy in recent years.

The former Kansas governor termed the United States today "the most awe-inspiring military power the world has ever seen" but said the country seems "unaware of its muscles".

Landon stated that the time has come to recognize that the new world order based on "power domination and the virtual enslavement by Russia" of once-free nations "cannot be regarded as stable or permanently secure."

Japanese Will Be Repatriated From Siberia

TOKYO, Mar. 20.—(INS)—General MacArthur's headquarters announced today that 20,000 Japanese will be repatriated from Halibodko, Siberia, during April.

Thirty thousand additional Japanese will be returned to Japan from Maoka, Sakhalin island, in the same period. Sakhalin has been under Russian control since the fall of Japan.

An estimated 69,000 Japanese still remain in Siberia and 36,000 on Sakhalin and other islands in the Kuriles.

Headquarters revealed that 5,296,391 Japanese have been repatriated since the surrender. The number still awaiting return from Soviet-occupied areas of Asia totals 1,321,668.

Less than 20 miles offshore from Cuba's highest mountain—Turquino, 6,560 feet—the Caribbean Sea reaches a depth of 41-4 miles.

Mountbatten Leaves To Assume Duties As India Viceroy

LONDON, Mar. 20.—(INS)—Admiral Viscount Louis Mountbatten left England by air today for New Delhi to assume his duties as new viceroy of India, succeeding Viscount Wavell.

Hopes and fears of all of Britain's political parties went with the sailor-diplomat. On the result of his mission will hang the vindication of the labor government's policy on India.

The government hopes Lord Mountbatten, wartime supreme Allied commander in Southeast Asia, will be able to effect a settlement of the troublesome problem involving India's future political status. Fears of the Conservative opposition are that the mission, a prelude to Britain's promised withdrawal by June 1948, may see the beginning of civil war that may trench the Indian nation in blood.

WOMAN HANGS SELF

Valenti To Face Draft Dodging Trial In May

PITTSBURGH, March 20.—(INS)—Frank Valenti, alleged Pittsburgh racketeer, today was to appear before the United States marshal to post \$10,000 bond on a federal bench warrant issued following his indictment on four counts of draft evasion.

The dapper Pittsburgh night club operator will go on trial on the draft dodging charges in the May term of federal court in Pittsburgh, according to U. S. Attorney M. D. Canter.

The indictments were returned yesterday after 10 minutes deliberation by the grand jury, which charged Valenti with being "eager, willing and ready" to evade the selective service laws.

Semi-Finals Of Tourney Set For Friday Evening

Shenango "Y", Lions, K. P. Juniors, Yellow Jackets Topped Last Night

Largest crowd thus far turned out last night at the Y. M. C. A. floor to witness the quarter-finals of the city-countryside cage tourney and were treated to four fine games.

Results of the round shows the East Brook quint upsetting the Shenango Jr. "Y" five, 26-25; the Hi-Aces romping over the South Side Lions reserves, 51-15; Gus Little Five toppling the K. Pulaski Juniors, 34-25, and the Castle Titans blasting the Yellow Jackets, 46-20.

Semi-Final Friday
These survivors will now enter the semi-finals Friday evening at the same court. The first game, between the Hi-Aces and East Brook will start at 7:30, with the Castle Titans meeting the Gus Five in the 8:30 feature.

East Brook has proved the "dark horse" of the tourney—turning the trick again last night when they sank the Shenango Jr. "Y" quint, 26-25. The contest was decided by McConnell's foul flip in the final 15 seconds. Brown was high man in the tussle with 12 points for the "Y" passers.

Hi-Aces Triumph
The Hi-Aces, with all but one of the lineup entering the scoring column, proved too smooth for the South Side Lions Reserves, overwhelming them, 51-15. Don Black, Chuck Rea and Don Watters were the high scorers of the game.

Gus Little Five sidestepped the K. Pulaski Junior, 34-25, in a well-played game, with Kerr leading the parade with 13 points. They will now meet the Castle Titans in the Friday night clashes. In the final tilt of the evening the Titans walloped the Yellow Jackets, proving too fast and rugged for their opponents. "Red" Richards banked in 18 points in the 46-20 win, while other high men were Marconi and Tate.

Minner-Lombardi Allow Two Hits

CRISTOBAL, C. Z., March 20.—(INS)—The Brooklyn Dodgers today was beset by another casualty when it became known that Rube Melton will fly to Johns Hopkins hospital for an examination and possible removal of a chip in the big pitcher's elbow.

B.P.O.E. 69 Enjoy Slug, Fish Night

De Santis, Dye, Montenez, And Reese Win Decisions At Elks

Last night was slug and fish night at the B. P. O. E. No. 69, five boxing bouts having been staged following which there was a fish fry. The boxing was all that could be asked for, from amateurs, and the fish was enjoyed. George Patterson was in charge of the Evening's Evenin'. Five hundred Elks were present.

The first bout was between two paperweights, each weighing 100 pounds, namely Tony De Santis, of Girard, and Vincent Corlani of Youngstown. They slugged through three rounds, and at the end of the bout, Judges Jim McGivern and Rubie Kennedy awarded the bout to De Santis.

Tommy Dye, of Niles and Danny Benedetti, of Youngstown, fought the second bout. They weighed 140 pounds. The bout was fast and close. The judges gave the nod to Dye, with the referee, Sam Leyschko dissenting. However, the majority vote counted.

Bobby Reese of Girard and Joe Casamonte, of Youngstown, a pair of bantamweights, of 118-pounds, unfurled themselves in the third bout. There was plenty of action. Reese started slow but picked up as he went along, and copped the verdict.

Good Comedy Bout
Yankee Pagley of New Castle and Joe Blow of Youngstown, a pair of old-timers, carrying rolls of fat around their midriffs, staged a burlesque bout. It was a scream. In fact, wrestling was combined with boxing and their efforts drew a salvo of cheers and laughs from the assembly.

The last bout middleweights Fernin Montenez of Girard and Leonard Poly of Youngstown, teamed with action all the way and at the end the two judges voted unanimously for Montenez with the referee giving his verdict to Poly. However, the two to one vote carried.

The announcers were George Patterson and Harry Harris. The timekeeper was Bob Patterson. An announcement that the New Castle Boosters will hold a show here March 31, for war memorial purposes was made.

Resino Tonzl of Youngstown, who beat Bob Blendinger, of Pittsburgh, was introduced. He will box Elkin Brothers of New Castle football fame, on the card.

Dual meets will be resumed on Juniata College's track schedule for the first time since 1942. P. M. "Mike" Snider, director of athletics, announced here. Snider will coach the trackmen.

County League Names Officers, Franchise Set

Agree On \$100 Sum At Meeting; Sheriff Frank Coen To Be Loop "Czar"

With a fine turnout of club managers last night at the Sporting Goods store, the Lawrence County Baseball league held their election of officers and took other steps towards completing all details for the opening of the loop season May 4.

Elected to serve again as league president was Alec Samuels, well-known businessman of the city; vice-president, Carl B. Romack of The News sports staff; secretary, Jim Martin, Bessemer team manager, and treasurer, B. N. Hanlon, city treasurer.

Frank Coen Named
At the same time it was announced that Sheriff Frank Coen will act this season as "czar" of the league, replacing the commissioner system used in the last campaign. He will make the final decisions in all disputes during the league play and his election to the post met with unanimous approval.

It was also agreed to have paid score-keepers on each competing club to furnish accurate recapitulations of the games—this amount to be paid by the league.

Franchise Sum Set
Franchise amount this year was set at \$100 per club, with the winning team slated to receive a total of \$200 cash at the end of the season, and the runner-up \$100. March 26 was set as the deadline for franchise money, and many of the teams offered their amounts at the meeting.

At present there are eight teams in the circuit—Ellwood Moose, Ellwood V. F. W., Bessemer, Wampum, Castlewood, Edenburg, Hillsville Tigers and the St. Lucy's team of Hillsville, a newly organized outfit. Absent from last night's confab was New Galilee and it is not known whether the "Hot Tops" will enter the fold.

Indications point to the league being expanded to ten teams by the time action starts. Next meeting has been set for April 9, at which time secretary Jim Martin will have the schedule drafted for approval of the clubs.

Phil Terranova Knockout Winner

ST. LOUIS, Mar. 20.—(INS)—The claim of Phil Terranova of New York to the No. 1 featherweight challenger's rating was strengthened today by a knockout victory over Paulie Jackson of Reading, Pa.

Terranova stopped the highly regarded Jackson last night before 7,000 fans in the eighth round of a scheduled 10-round boxing bout. Jackson, who had fought champion Willie Pep to a draw and who had held his own with other top-notch performers, faded under Terranova's fierce body attack. A short right finished the Pennsylvania.

Chairman Bob Grimes of the sports committee has made a report that new uniforms will be ordered the end of this week and thanks the merchants and business men for their support in helping buy the uniforms.

The next meeting of the Dewey A. C. will be held at the home of Mike Isabella, 1115 Croton avenue, at 7 o'clock, March 25, with President Bud Kenehan in charge.

Kentucky-Utah Reach Finals

Kentucky Whips North Carolina State, Utah Stops West Virginia

NEW YORK, Mar. 20.—Kentucky and Utah today moved into the finals of the tenth annual National Invitation Tournament.

The championship game will be played Monday night at Madison Square Garden with North Carolina State and West Virginia.

Kentucky, the defending champion, won its place in the finals by beating North Carolina 60 to 42 last night. The game was nip-and-tuck for the first 25 minutes with the score tied eight times including a 20-20 deadlock at the half. In the final half, the Rupp coached Kentuckians, sparked by Ralph Beard proved their all-around superiority and won going away. It was a rough game with 51 fouls being called. Kentucky scoring 22 points on free-throws and North Carolina State 14.

Utah upset West Virginia 64-62 to gain the finals. A rally in the closing 90 seconds of play netted the Mountaineers eight points but fell short of giving them victory. Vern Gardiner and Arnie Ferrin shared the scoring honors for Utah with 18 points each. Ed Beach was high for West Virginia with 14 points.

Garagiola Has Very Sore Jaw
ST. PETERSBURG, Fla., Mar. 20.—(INS)—Joe Garagiola, 21-year-old catching star of the world champion St. Louis Cardinals, was on the ailing list today.

He was struck in the jaw several weeks ago by a batted ball. Corlind soreness forced him to submit to X-rays yesterday which disclosed that he has a slight fracture of the right cheek bone.

The Cardinals play the Phillies at Clearwater today. Their game with the Boston Red Sox yesterday was cancelled because of rain.

Salem Planning For Floor Tourney

SALEM, O., Mar. 20.—Fifty gold and silver trophies will be given away at the 13th annual Salem invitational basketball tournament, during the week of April 7-12 at the Memorial building here.

Joe Kelley, tournament manager, expects a record entry list this year. Entry blanks may be procured by writing Kelley at the Memorial building, Salem, O.

The deadline for tourney entries is Saturday, April 5.

Tigers Hard Hit For First Sacker With Hank Gone

Roy Cullenbine, Johnny McHale And Bob Moyer Are Fighting For Starting Job

FANS MISS YORK AND GREENBERG
By CYRIL LINDROTH (International News Service Sports Writer)

DETROIT, Mar. 20.—There's a feeling around Detroit that the Tigers may have been a little hasty in disposing of two of the junior circuit's best hitting first basemen in as many years.

Eyebrows, which lifted slightly when Detroit let big Rudy York go to Boston in exchange for shortstop Eddie Lake, jumped noticeably when owner Walter O. Briggs casually "waved" Hank Greenberg out of the league.

Detroit fans, recalling all too sadly that York "made" the Red Sox a pennant winner, are pretty sure that the Tigers could have breezed home with a York-Greenberg one-two punch.

Not After Vernon
General Manager Billy Evans laughed away reports that Detroit is dickering for the service of Bobby Vernon of the Senators, the league's leading hitter last season. And the 40-year 1947 Tiger roster includes only three first base candidates—two tried but unproven and one neither tried nor proven.

They are former outfielder Roy Cullenbine, the Tennessee traveler, back with Detroit after stop-overs in Brooklyn, St. Louis (twice), Washington, Cleveland and New York; Johnny McHale, up from the minors for the third time, and rookie Bob Moyer, late of the Texas league.

McHale Well Liked
Cullenbine subbed acceptably for Big Hankus occasionally last year, batted .335, and is generally believed to be in the rail position at this time.

A lot of fans are pulling for young McHale to make it this year. In the likeable former Notre Dame player has yet to demonstrate that he can bat his weight (210) against American league pitching.

Johnny, 26, is well aware that this may be his last chance, and he is more determined than ever to make the grade this year. He's a native Detroit, and next spring he will marry Miss Patricia Cameron, a niece of the Detroit club owner.

Moyer Looks Good
Johnny put on some weight last year and had his best season with Buffalo of the International league. He fielded brilliantly, poled out 25 homers, but his play was marred by a weak throwing arm. Also his batting mark was only .273.

Another recent development Briggs may have had in mind could be the acquisition of young Moyer. Only 22 and big for his age—stands six-foot two inches and weighs 212—the Ringgold, Pa., youngster rapped Texas league hurling at a 300 clip. A long ball hitter, his mark last season included 24 round trippers.

There may be another York or Greenberg among this trio, but Detroit fans are somewhat skeptical.

Notre Dame Opens Grid Drills Friday

SOUTH BEND, Ind., March 20.—(INS)—The Irish Notre Dame will greet spring tomorrow with the highest honor they can bestow—the opening of football practice.

Athletic director Frank Leahy—who is also football coach—completed plans today for the first day of spring grid drills.

As befitting a team hailed as national champions in last season, the Irish players will pose for movies and photographers as they prepare for the 59th campaign.

ST. GEORGE WINS
St. George Greeks of New Castle defeated the St. Johns Greeks of Youngstown last night at the Catholic Center floor, 40 to 30, it was announced by Nickie Lucas today.

Boosters' Fight Being Arranged

New Castle Boosters Make First Move Toward Starting War Memorial

Plans for the New Castle Boosters boxing show to raise a fund with which to start a war memorial here have been completed and President William Sands and Bill Usselson today distributed tickets for sale to various persons and establishments.

Tommy Leach of the Jefferson A. C. is busy making matches, having announced that he has as a starter engaged Julius West of Youngstown to box Tony Zankish of Sharon, who outpointed Bill Bradley of New Castle in a three-round bout here January 27.

It is anticipated that among those on the card will be Chuck Gibbons of Ellwood City and Johnny Toth, the burlesque fistic king of Alliquippa. They will meet different opponents.

Falcons Strive To Even Series

Coach Henry Koszela Confident Falcons Can Upset Pulaskis Sunday, At Arena

Coach Henry "Hank" Koszela, is giving the Polish Falcons extra-practice sessions this week, looking ahead to Sunday, March 23, at the Arena floor and their second meeting with the K. Pulaski "Big Five". The game starts at 4 o'clock.

Minus two outstanding stars last week, the Falcons took a 57-39 defeat, but with "Chinkie" Dutkin and "Pop" Adams in the lineup this Sunday, they hope to reverse the score.

Falcons Confident
The Polish Falcon followers are equally as confident that the Miller avenue boys can come through. Two defeats to the K. Pulaskis has ruffled the Falcons, they will be "fighting mad" in the next encounter.

Al Gonet coach of the Pulaskis, will use his same lineup next Sunday, he announced, with the addition of "Chuckie" Chee" Dembinski. Don Heddelster and Tommy Jones, sidelined last Sunday by illness, Billy Andrews and Freddy Wimer were the big guns last week in defeating the Falcons, with 26 of the points between them.

Pirates Playing Brownies Today

MIAMI BEACH, Fla., Mar. 20.—(INS)—The Pittsburgh Pirates will hop across the bay from their Miami Beach camp today to meet the St. Louis Browns at Miami.

The Pirates encounter with the Philadelphia Athletics was cancelled at West Palm Beach yesterday because of rain.

Manager Billy Herman was expected to field Wally Westlake, promising young rookie outfielder, in the place of Hank Greenberg who will be out of action because of a sore arm. Westlake, big and fast, has startled his teammates by some of the fanciest hitting seen thus far at camp.

Pulaskis Playing At Hubbard, Ohio

Al Gonet and his K. Pulaski "Big Five", East Liverpool tourney winners, are going to Hubbard, Ohio tonight for a tourney game at 8 o'clock. All of the Pulaski players are asked to meet at the club at 6:30 o'clock.

W. M. ROBERTS, member of the Pennsylvania State Board of Fisheries today reported that all trout streams in Lawrence County are being stocked and he requested, that sucker fishermen remain away from the Big Run, Slippery Rock creek, Taylor Run, the Little Neshaunock, Hickory creek and Deer creek. He has made plans for a patrol along all the foregoing mentioned streams, and if any one is caught with trout, he will, upon conviction, be fined \$25, for fishing out of season, and \$10, per trout, in a fisherman's possession. For the first time in the history of the stream brook trout were placed in the Big Run. On Saturday, brown trout will be stocked at Elliott's bridge, in the Slippery Rock. Incidentally, Roberts stated that a state biologist made a survey last summer of the Slippery Rock creek. Bass were stocked in both the Neshaunock creek and Slippery Rock creek last fall. In company with Dr. Gordon L. Trembley, chief biologist of the state fish commission, and Clifford J. Welch, Erie, also a member of the state board of fisheries, Roberts visited Bemus Point (hatchery), N. Y., recently, for the purpose of studying muskies. Most of the muskies there were taken by net from Lake Chautauqua, the eggs being milked from the female, over which the milt from the male muskie was strewn. The muskies at Bemus Point were 90 days old and were in size, eight to nine inches. The state, according to Mr. Roberts, has assigned a representative to go to Bemus Point and learn the "muskie business", because the state of Pennsylvania intends to start a hatchery, probably next year. Heretofore, it has not reared muskies. After the state of Pennsylvania fish commission receives muskies for its hatchery at Union City, and they are reared to a certain size, they will be placed where muskies now are to be found. Some of the places are Conneaut lake, Edinboro lake, Lake Le Beouff, Sandy lake, French creek, Erie bay and the Allegheny river. Incidentally, Mr. Roberts reported that the state board of fisheries intends to stock adult wall-eyes caught in Lake Erie in the Pymatuning and Conneaut lake. Two thousand will be placed in both bodies and the state of Ohio commission has promised to duplicate the stocking on their side of the waters.

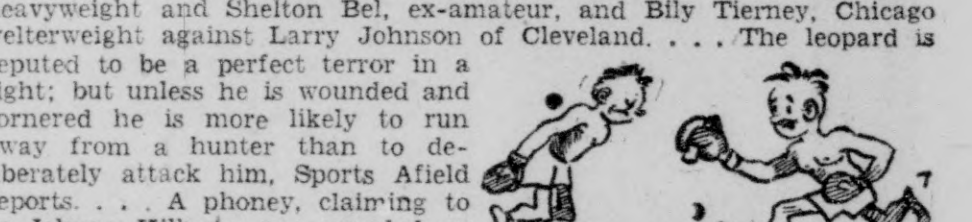

Russell Baxter, middleweight, of New Castle, has the stiffest fight in the past year or more ahead him in Cleveland, March 24. He is matched to fight Charley Hayes of Detroit, who punched a technical knockout over Mike Berkovich recently. Hayes outboxed Mike. In fact, he had him cut up so badly the referee stopped the fight. They will box in what Matchmaker Larry Atkins calls the top semi-final, because he has three of them booked, as support of the Jimmy Doyle-Danny Kaplow bout. The other two semi-finals are: Omelio Agramonte, Mexican lightweight and Shelton Bel, ex-amateur, and Billy Tierney, Chicago welterweight against Larry Johnson of Cleveland. . . . The leopard is reputed to be a perfect terror in a fight, but unless he is wounded and cornered he is more likely to run away from a hunter than to deliberately attack him. Sports Afired reports. . . . A phoney, claiming to be Johnny Kilbarte, was rounded up in Los Angeles, according to a newspaper clipping sent to Here & There by Presley Jones, now of Los Angeles. . . . Winning the Mid-Atlantic crown at the week-end playoffs, at the University of Delaware, Muhlenberg's basketball team closed a season that is considered outstanding. The Mules won 17 of their regularly scheduled games then brought home their first tournament champion by defeating Albright, 58-55 and LaSalle, 45-41. The Mules lost last year's championship to Lafayette. . . . True magazine has announced the selection of the official All-American basketball team for the 1946-47 season, chosen by the National Association of Basketball coaches and a selected panel of basketball writers representing eight districts of the country, as follows: Alex Groza, Kentucky; Gerald Tucker, Oklahoma; Andy Phillip, Illinois; Whiz Kids; Ralph Beard, Kentucky, and Sidney Tanenbaum, New York U. Beard received the additional honor of being named the player of the year.

Hudson Wins Over Fiorello By TKO

CHICAGO, March 20.—(INS)—Cecil Hudson, San Jose, Cal., middleweight, boasted a nine-round technical knockout today over Jerry Fiorello, battle scarred Brooklyn, N. Y., veteran.

Hudson, a 6 to 1 favorite, jabbed Fiorello almost at will in their scheduled 10-round bout at the Coliseum last night before 984 fans.

Referee Tommy Gilmore stopped the bout in the ninth, after the Brooklyn boxer suffered a badly cut eye lid.

Many track experts figure Villanova's George Guida, National A. U. 600-yard indoor champion, as one of America's best prospects for the quarter mile in the 1948 Olympics.

Forty Persons Are Routed By Fire In Philadelphia

PHILADELPHIA, arch 20.—(INS)—Forty persons were routed in their bedclothes this morning by a roaring blaze which for a time threatened to burn down an entire South Philadelphia block.

The fire destroyed one home and a garage which housed a truck and two automobiles, and damaged five other houses. Firemen battled the blaze for three hours before bringing it under control. No one was reported injured.

Police said the fire apparently started in the rear of the home of John Byrd, and quickly spread to adjoining structures. The gutted home was owned by Francis Bond, and the garage was tenanted by James McGlinchey.

Gen. Eisenhower Orders Secrets Be Guarded

By FRANCES MUSIC
 (U.S. Staff Correspondent)

WASHINGTON, Mar. 20.—(INS)—Gen. Dwight Eisenhower was disclosed today to have issued orders for greater precautions in safeguarding military information.

The army chief of staff, by order of secretary of war Patterson, directed army commanders to carry out to the letter provisions for keeping "secret" documents secret.

He said that "It has come to the attention of the war department that in numerous instances commanders are not fully complying with the provisions governing the transmission of classified material."

The general asserted that "violations of these directives are occurring with a frequency which indicates need for more effective precautions."

Reprimands Given

Eisenhower's reprimand was carried in an official document sent to all commanders.

Eisenhower underscored that "classified documents may be carried as registered mail only through systems entirely within the control of United States or Canadian governments."

He emphasized: "Classified documents will not be sent in any manner through the

postal system of any foreign nation, except Canada.

Eisenhower said that "if postal channels are not available, other means within United States control will be used, such as courier, state department pouch, or certain others as specified" in regulations.

Intelligence officers in the Pentagon said when questioned that they could cite no specific incidents leading to the directive. They denied that national security had been given a set-back, saying that the chief of staff's order appeared to be directed at nipping in the bud any possibility of such an occurrence.

BINGER-HUFFMAN WEDDING

A quiet wedding was performed at the rectory of the B. V. M. church in Ellwood City, Monday, when Miss Amanda Binger became the bride of Charles Huffman, of New Castle. The ceremony was performed by Rev. Fr. V. Galliano, pastor of the church.

The bride was beautiful in a blue street length dress with matching accessories. She wore a corsage of orchids and carried a strand of pearl rosary beads a gift of the groom. Mrs. James Hackett, of Koppel, a niece of the bride, was matron of honor and was attired in a green dress with matching accessories. She wore a double corsage of roses and sweet peas. James Hackett served as best man.

A dinner was served the wedding party in Youngstown and a reception was held in the evening at the home of the bride.

Dispensing with a wedding trip for the present the couple will reside at the home of the bride.

Mrs. Huffman is employed at the Shaw-Perkins Manufacturing Co. in West Pittsburg and Mr. Huffman is a shovel operator in Canfield, Ohio.

NEWPORT NOTES

Mr. and Mrs. Chester McQuiston, Mr. and Mrs. Clair Shearer and daughter, Jean, of Wampum, and Mr. and Mrs. Bert Adamson of Indiana, Pa., were dinner guests of Mr. and Mrs. Clifford Shearer, Sunday evening.

Roger Johnston is confined to his home by illness.
